NO. 3

Tech Victors Over Conn. Aggies

Second Half Stiff

Tech. in its first home game of the season, last Saturday night, easily defeated the team from Connecticut Agricultural college by a score of 26 to 16. Capt. Kushner and McCaffrey starred for Tech on offensive play, while the defensive work of Carlson and Pickwick proved to be a stumbling block to the visitors. Capt. Lockwood and Ryan starred for the Connecticut team.

"Red" Riley, who was finally able to come out for practice last Friday night, started the game at left forward and his team work with Capt. Kushner baffled the whole Connecticut team. In the second half Johnson replaced Riley and was in turn replaced by Stevens. Finally near the end of the second period Lundgren went in at center, McCaffrey taking Stephens' position. All the players showed up well although the combination which started the game proved to be the best.

McCaffrey High Man

McCaffrey was all over the floor and caged five baskets. Capt. Kushner scored three baskets and obtained four free tries. Riley, while in caged two baskets from the floor, while Pickwick succeeded in getting one. For the visitors, Capt. Lockwood was leading player in obtaining points for his team, caging four baskets and four free tries. The score:

Tech	Conn. Aggies
Kushner rf	lg, Prescott
Riley, Johnson, Stephens, McCaffrey lf	rg, Ryan
McCaffrey, Lundgren c	c, Elkhart
Carlson rg	lf, Dean
Pickwick lg	rf, Lockwood

Baskets from floor: McCaffrey 5, Kushner 3, Riley 2, Pickwick, Lockwood 4, Dean, Ryan. Free tries caged: Kushner 4, Lockwood 4.

NEWMAN CLUB

The Newman club held its first meeting of the year on last Tuesday, in the reception room of the gymnasium. This was the first meeting since last April, the club holding no gatherings during the regime of the S. A. T. C.

President Raphael W. Heffernan, '19, presided and welcomed about twenty-five new Freshmen members. The annual reception and banquet was discussed, and it was voted to present an act at the Tech Carnival. The Newman club will meet the first Tuesday of every month during the coming spring term.

S. A. T. C. HEADQUARTERS

Lieutenant Walter K. Belknap left on Saturday, Jan. 11, and will return at once to Amherst college. With his departure Captain Thomas H. Smith is the only remaining officer of the S. A. T. C. at Tech. The work to be finished is merely routine and concerned with details, and Captain Smith hopes to reach the final adjustments by the time this article appears.

His departure will mark the formal termination of the Students' Army Training Corps at W. P. I. The Institute will not lose its military air for some months, however, or until the uniforms are laid aside. While at the present time the matter is undecided, it is very probable that all men discharged from service after the signing of the armistice will be allowed to keep their uniforms permanently. The House of Representatives has already passed a bill to this effect, and the difficulty of locating men who fail to make a proper return would be great. Any change from the existing instructions on this point will be posted on the Tech bulletin boards.

SCPTICAL CHYMISTS

An informal meeting of the Sceptical Chymists will be held at 7:30 Monday evening, January 20, in the Rathskeller. A nominating committee has been appointed and the officers of the society will be elected.

For the benefit of those not acquainted with the rules regarding membership it might be stated that membership is granted to students of the course in Chemical Engineering who attend two-thirds of the meetings for one year; present a paper; and pay the dues. A shingle is given each member, the first year with a black seal; if he is a member for a second year a red seal is added, and a golden one for a third year.

In the past these meetings have always been very interesting as well as instructive in an entertaining way. The meetings this year promise to be especially interesting owing to the large amount of material which is available for discussion.

LEGAL HOLIDAYS

The legal holidays to be observed by the closing of Tech during this term are announced by the office as follows: February 22—Washington's birthday; April 19—Patriots' day. During the third term one holiday will be observed, May 30th, Memorial day.

No Lag Degree Here

Sterling Inn

The Juniors of Tech are a noble set. Long have they known the ways of the Polytechnic. They have traversed the road to knowledge now for two tedious years. Most of their number have spent many a night under a student lamp. Those who did not know the ways of the slip-stick have fallen by the wayside. But the gods have favored many and they still can be seen wending their way around Tech hill. Their gait is slow, as they are burdened down with vast stores of knowledge. But alas they they will banish all care to dine with Bacchus and his brethren.

They will leave Worcester about six to journey to the well-known Sterling Inn in their private car, which someone stated is to be armored on both the inside and outside. The trip will be short and merry, as the Juniors still remember something of the gay life. When they arrive they will sit down to a feast fit for the gods. The banquet has been kept secret from Mr. Hoover so nothing will be lacking.

George White, who is to be the toastmaster, will keep the ball rolling. He will call for songs, cheers, and stories which would make even Boccaccio a poor second.

When the sun peeps over the horizon it will find these merry students wending their way back to Worcester. They will have forgotten their many troubles but, alas, the world is full of cares, and they must have their share. They have studied, they have reveled, let them study more.

MUSICAL ASSOCIATION

On Friday afternoon the orchestra, under the leadership of F. W. Bauder, '20, met in the gymnasium for its first rehearsal. A fairly large number of men turned out, with a variety of instruments and the rehearsal progressed smoothly. Most of the candidates at present are Freshmen—it might almost be called the Freshman orchestra. The instruments included are violins, cornet, saxophone French horn, flute and drums.

The next rehearsal is scheduled for Friday, at 5:00 p. m., in the gymnasium.

SENIOR CLASS PRESIDENT

The postponed meeting of the Senior class was held Thursday and Judah H. Humphrey of Rochester was elected president. The other officers of the class will be chosen on next Monday. It was evidenced among the members of the class that an Aftermath should be published this year, and undoubtedly action will be taken in the near future to prepare for the class book as well as to elect commencement committees.

TECH NIGHT AT POLI'S

Professor: "What is the meaning of the following: Klaxons, Streamers, Confetti, Cowbells, Balloons, and Entertainment de luxe?"

Student: "Tech Night at Poli's."

The answer is correct. Any man who has attended one or more of these celebrations will say that he had a tricky time. The new men like tricky times, therefore why not appoint a committee to take charge of this event so that 1919 Tech can enjoy the Tech Night at Poli's as have the men of previous years?

TECH RIFLE CLUB

At a meeting held last Tuesday the secretary's report, recounting the activities of the club during the past year, was read. At a meeting to be held at an unannounced date election of officers will be held. The range will be open from four until six every day except Saturday for practice until the beginning of the regular season, which will probably be the first week in February, as last year. A member will be in charge during these hours to instruct new members. The dues are advanced to two dollars this year in order to provide a sinking fund for replacement of old rifles. Members have use of range and guns free but furnish their own ammunition. A strong team is expected this year. Even in peace times, the value of being a good shot must not be underestimated; so everybody ought to come out!

CALENDAR

Every day—Varsity basketball practice.

Monday, Jan. 20—NEWS assignments in M. E. 113, 4:55 p. m.

Wednesday, Jan. 22—Interfraternity basketball in the gymnasium.

Friday, Jan. 24—Half-Way-Through banquet at Sterling Inn.

Saturday, Jan. 25—Interfraternity basketball in the gymnasium.

BOOST TECH

EDITORIAL

During the last few years since the Gym was erected, Tech has seemed to show more of a yearning for athletics. Everything seems to be pointing to the day when Tech will be really prominent in athletics among other schools of her size. The S. A. T. C. put the damper on athletics to some extent but now that Tech is on her own feet again why not boost all kinds of indoor and outdoor games? Why not enter the field of hockey? The sentiment of many of the fellows is to that effect. The trouble is with getting someone to start it. To be sure, some say hockey would be an added expense. But do we not have to pay for everything that is worth while? The manner in which the fellows backed the Athletic Association last year should convince anyone that there is still school spirit among Tech men and that that spirit will continue to grow as progress is made in athletics. Hockey means one more way in which to advertise Tech! It is not yet too late to have a Hockey Team. Get together, fellows, and help put the thing across!

VARSITY PRACTICE

The basketball squad has been having some grilling practice during the past week, under the vigilant eye of Coach Swasey. All the men are working smoothly and are perfecting their team play and basket shooting. Lundgren and Maynard are developing every day and are giving the other men a rub to retain their regular positions. Mossberg came out Friday after his long absence due to an operation for appendicitis. Capt. Kushner is playing his regular smashing game all the time, and his "pep" seems to make the boys do wonders. His fine playing led Coach Swasey to say last Monday night that he thought Kushner was one of the best basketball players in the East.

Carroll D. Stoughton of Turner's Falls, Mass., returned to school last Saturday morning, having received his discharge from the army.

Stoughton was one of the leading players on last season's Varsity team, and should fill in well with Coach Swasey's present star aggregation of basketball players.

Next Saturday evening the Tech team will journey to Durham, N. H., to play the strong New Hampshire State College team. Tech will probably present its strongest lineup of the season, as Mossberg, Riley and Stoughton are now available. If the team plays in its usual fine form we should add another victory to our fast growing list. The following eight men have been picked to take the trip: Steele, Kushner, McCaffrey, Pickwick, Carlson, Mossberg, Lundgren and Stoughton.

MASS MEETING

A mass meeting for the school will be held Thursday at 4:00 o'clock in the electrical engineering building, under the direction of the Y. M. C. A. Mr. William J. Sherman of Lynn, Mass., who has recently returned from a year's service with the Y. M. C. A. in France, will be the principal speaker. Mr. Sherman is a graduate of the University of Wisconsin, School of Engineering, and will be sure to have a talk which will appeal especially to Tech men. He has had many exciting and interesting experiences while in France, and his address will be well worth hearing.

Remember the time, now, and let's all be on hand to give Mr. Sherman a rousing reception, Tech fashion.

The Y. M. C. A. cabinet has been appointed by President Douglas Howes and consists of the following men: Publicity director, Robert M. Eldred, '21; social director, Stanley N. McCaslin, '20; conference director, Harold B. Whitmore, '21; deputation director, Douglas E. Howes, '20; friendly relations with foreign students director, Edwin W. Bemis, '19; voluntary study director, Gleason H. MacCullough, '18; church relations director, Walker Armstrong, '21; life work questions director, Edward J. P. Fisher, '21; meetings director, Howard Mayo, '19; reconstruction aid director, Russell W. Hirst, '19.

TECH CARNIVAL

The Tech Carnival will be presented this year along practically the same lines as followed in previous years, with, however, slight variations in the program of entertainment. The fraternity acts will feature as usual, with dancing afterwards. Each fraternity is allowed fifteen minutes for its act, and the organization considered by the judges as having the best offering will be awarded the cup. The various fraternities are working hard on their acts, and present indications are that this year's carnival will surpass that of last year. Added features, this year, will be in the form of two side shows, which will be open for business before the main show, at intermission, and during the dancing; also an inter-class meet between the Sophomore and Freshmen classes, consisting of stunt races.

Stanley N. McCaslin, '20, is chairman of the carnival committee; Norman P. Marks, '20, has charge of the inter-class meet, and R. M. Peterson, '20, will preside over the side-shows. Paul J. Harriman, '20, is arranging for tickets and programs. The prices of admission will be as follows: Ladies twenty-five cents, gentlemen seventy-five cents, lady with gentleman fifty cents. This will be the first social event to take place on the Hill since the advent of the S. A. T. C. Every fellow should attend if possible and give Tech a strong start on its "face-time" activities. A good time is assured all those who go. Remember the date—Friday, January 31.

MEETING OF ATHLETIC ASSO- CIATION

The meeting of the Athletic Association was held Monday, Jan. 13, 1919. It was called to order at 5:00 p. m. by Vice President McCaffrey, who was the acting chairman. The minutes of the last meeting were read by Secretary Mossberg. This report was accepted.

Before the election of officers came, Prof. Knight spoke about the order of procedure. The constitution of the Athletic Association states that a nominating committee of three members is necessary. Prof. Knight suggested that this section of the constitution be set aside as a case of necessity. This suggestion was carried out.

The officers of the Athletic Association were elected as follows: President, Alden G. Carlson of Worcester; Vice President, Malcolm B. Arthur of Worcester; Treasurer, G. Lansford White of Housatonic; Secretary, Francis I. Kittredge of Clinton; Cheer Leader, Fred P. Millard of Norwich, Conn.

After the election, Coach Swasey gave a short resumé of the recent basketball trip and prophesied a successful season for Tech. He urged a strong backing up of the team by the students.

MECHANICAL ENGINEERING DEPARTMENT

Professor Fairfield recently received the following post card from one of our Tech men, who is an ensign in the navy:

Dear Professor Fairfield:

Yours truly is a regular sea-going engineer now. My ship just returned from an absence of two months at Liverpool, England, and Brest, France. The Leviathan is the largest ship afloat—57,000 tons, 950 feet long by 100 feet beam, 46 Yarrow boilers, 85,000 HP. at speed of twenty-one knots. Some ship, eh, what?

Yours truly,
LEWIS F. LEVENTHAL.

William Titcomb, an ex-'19 man, paid us a visit recently. Titcomb is a commissioned officer in Naval Aviation and has qualified for air service.

Harry C. Merritt has also taken up his studies at the Institute again.

Raymond W. Burns, of the class of '16, is now in the estimating department of the Watervliet Arsenal, Watervliet, N. Y.

ALUMNI ASSOCIATION NOTES

Harry B. Tyler, a well known alumnus of the Institute, died January 8, 1919. He was a member of the class of 1895 and was prominent in the Alumni Association. He lived in South America for several years prior to his coming to Tatnuck, where he met his death.

Pledges made by Alumni from 1915 to 1920 are being paid promptly, some of them being paid in full before the first of this year. In this connection it should be known that the Alumni Association keeps up a permanent fund, from which loans are made to students in the Institute.

INTER-FRATERNITY BASKET- BALL LEAGUE

The inter-fraternity basketball league commenced the season last Wednesday afternoon when the Phi Sigma Kappa team, winners last year, easily defeated the Theta Chi five, following which Alpha Tau Omega triumphed over the Lambda Chi Alpha team.

In the opening game Phi Sigma Kappa represented by a team of very high calibre had no trouble in disposing of the Theta Chi representatives, who clearly showed their lack of practice. "Cy" Campbell at left forward and Eddie Sholz at right forward starred for the winners, while Lieut. Crossman played well for the losers. Phi Sigma Kappa has a good team and should finish well up in the final standing.

The score:
Phi Sigma Kappa Theta Chi
Sholz, Bauder rf If, Wolcott
Capt. Campbell lf rf, Davis
Huntington c c, Seeley, Wolcott
Trombley, Smith rg lg, Crossman
Montague, Sponberg lg

rg, Capt. Davis, Desper
Baskets from floor, Campbell 5,
Bauder 4, Huntington 3, Montague 2,
Sholz, Saunders 2, Brown, Seeley. Free
tries, Sholz 5, Brown.

In the second game between Alpha Tau Omega and Lambda Chi Alpha fraternities a livelier battle was staged but Alpha Tau Omega gradually forged ahead to victory. Colesworthy and Duff played well for A. T. O., showing excellent teamwork. Capt. Ormsbee and Hyde playing as guards, continually broke up the team work of Lambda Chi Alpha's forwards and sent the ball back to their own men. Ormsbee missed but one free try out of six. Captain Kimball and Kittredge played well for Lambda Chi Alpha but were weak on handling the ball down the floor.

Alpha Tau Omega's five played well as a whole and have a good team. They should continue to show up well in future games. The score:
Alpha Tau Omega Lambda Chi Alpha
Duff, Tousey rf lg, Conroy
Colesworthy, Ferguson lf

rg, Campbell, Urquhart
Williamson c c, Johnson
Ormsbee, Jackson rg lf, Kimball
Hyde lg rf, Kittredge

Baskets from floor, Duff 4, Colesworthy 2, Williamson 2, Ormsbee, Johnson. Free tries, Ormsbee 6, Kittredge 5.

In the third and most interesting basketball game of the inter-fraternity league series last Saturday night, Sigma Alpha Epsilon defeated Delta Tau by a score of 24 to 13. The game was much closer than the score would seem to indicate, but the fine teamwork of Wilson and Stephens for the winners combined with the accurate shooting of their team-mate Fraser proved to be the downfall of the Delta Tau team. Time and again the Delta Tau players had opportunity to score but were unable to come anywhere near the basket in their shooting. Harold Hunt, at center for the losers played a fine game and succeeded in caging two baskets from the floor for his side.

Fraser and Wilson of Sigma Alpha

Epsilon were tied in caging baskets from the floor, each scoring five. The score:

S. A. E.—24 13—D. T.
Fraser rf lg, Shaw, Towle
Wilson lf rg, Lovell
Pearson c c, H. Hunt
Stephens rg lf, Russell
Bishop lg rf, E. Hunt

Baskets caged from floor, Fraser 5, Wilson 5, Stephens, H. Hunt 2, E. Hunt 2 Russell. Free tries caged, Fraser 2, Lovell 3.

There will only be two interfraternity games this week, taking place tomorrow night at the usual time. The Non-Fraternity team will stack up against Phi Gamma Delta fraternity team, while in the second game Theta Chi plays Sigma Alpha Epsilon.

NEVERMORPS

(From the Daily Iowan)

Students' Army Training Corps,
You sure made us awful sorps;
Clumsy, tiresome, hopeless sorps.
We were shot—but shed no sorps,
Studied little, pokered morps,
Raked the campus, scrubbed the florps,
Had experiences galorps
Played the peeler watched a storps,
Soaked up goulash, learned to snorps,
Fare you well—please shut the dorps—
'Nough to make an angel orps.
Now, impostor, all is orps;
Students' Army Training Corps.

 21—Theta Chi—Non-Fraternity
 22—Alpha Tau Omega—Phi Sigma
 Kappa

The games are to take place Wednes-
 days at 5:15 p. m. and Saturdays before
 the regular varsity game at 7:00 p. m.
 Coach Swasey also wishes it to be made
 known that players on fraternity teams
 are not excused from physical training.

The Non-Fraternity students had a
 short practice last Saturday afternoon.
 Coach Swasey has appointed Frank
 Shirley to take charge of the Non-Fra-
 ternity team and students wishing to
 try out for it should report to him.

**CHEMISTRY DEPARTMENT
NOTES**

R. F. Tenney, '18, has been appointed
 graduate assistant to take the place of
 Lieut. Walter B. Scott, '16, who has ac-
 cepted a position with the National
 Analin Company at Buffalo, N. Y.

Lieut. Earl H. Winslow, '20, has gone
 to work for the General Electric Com-
 pany at Pittsfield, Mass. Mr. Winslow
 intends to return next year and com-
 plete his course.

Merle C. Cowden, '19, is at present
 establishing a laboratory for the Reed
 & Prince Manufacturing Company.

Pvt. Homer C. Stevens, who has been
 in service as aviator mechanic in
 England has been discharged and ar-
 rived home a few weeks ago. He is
 now at Pittsburg, Pa., where he has
 obtained a position in the automobile
 business.
